Explanatory notes:

VAED

Public hospitals only

Hospitalisations are counted on patient separation when clinical coding is complete

VEMD

Public hospitals only

ED Presentations are counted on datetime of arrival through ED

Standard Victorian reference ICD-10 file used for diagnosis identification, not IHACPA mapped ICD-10 codes.

Standard exclusions have been applied as per all VEMD reporting:

Visit Type 19 COVID screening patients are excluded

Category 6 Dead on Arrival patients are excluded

Victorian Virtual ED (VVED) presentations are excluded (service type 2 telehealth and patient location code 9998)
